

JANINDU DULANJITH JAYASUNDARA

UI/UX DESIGNER

+94 773 452 767 | janindujayasundara@gmail.com | Colombo, Sri Lanka | [linkedin](#) | [Behance](#) | [portfolio](#)

PROFILE SUMMARY

UI/UX Designer with hands-on experience creating web and mobile interfaces, dashboards, and e-commerce experiences. Skilled in Figma, wireframing, user flows, prototyping, responsive design, information architecture, and visual interface design. Experienced in translating requirements into user-focused digital experiences and collaborating with developers to refine designs through feedback and iteration. Currently seeking a UI/UX Designer role where I can contribute to user-centered product development and create clear, accessible, and effective digital experiences.

WORK EXPERIENCE

Social Media Manager & Graphic Designer | SKECH Creations | July 2026 - Present

- Translate client requirements into **visual concepts, social media campaigns, promotional graphics, and branded marketing assets**.
- Create content for products, services, offers, and campaigns while maintaining **consistent brand identity, typography, layout, and visual hierarchy**.
- Work directly with clients to understand requirements, present creative solutions, incorporate feedback, and deliver **campaign-ready designs**.

Intern UI/UX Designer | Gamage Recruiters | 6 Months

- Translated product requirements into **user flows, wireframes, high-fidelity mockups, and interactive Figma prototypes** for web and mobile experiences.
- Designed responsive interfaces across **desktop, tablet, and mobile**, applying consistent visual hierarchy, UI components, and interaction patterns.
- Collaborated with developers and stakeholders to refine designs through feedback, improving **navigation, usability, and interface consistency**.

Intern Digital Assistant | Commercial Bank | 1 Year

- Supported customers with online and **mobile banking services**, providing clear assistance with routine digital service queries.
- Assisted with daily digital banking operations, including **data entry, documentation, and record management**, while maintaining accuracy.
- Collaborated with banking staff to process customer requests efficiently, developing strong **communication, problem-solving, and digital-service skills**.

SELECTED PROJECTS

[BUS EASE | Mobile App UI/UX](#)

Designed a mobile public-transport experience addressing **route planning, bus tracking, and ticket booking**. Developed user flows, wireframes, and interactive Figma prototypes to structure the journey from discovering a route through completing a booking.

[BOARDME | Workspace Booking App](#)

Designed a workspace discovery and booking experience for professionals and teams. Structured the product around **workspace search, recommendations, and reservations**, with user flows designed to make workspace discovery and booking straightforward.

LEARNOVA | Educational Platform

Designed an online learning platform for **students and professionals**. Focused on information architecture, course discovery, navigation, content organization, and a clear learning journey across the platform.

TELECOM INSTALLATION CASES DASHBOARD | Admin Product Design

Designed an administrative dashboard for telecommunications installation management. Organized information about **case status, priority, alerts, and active installations**, creating a central interface for monitoring operational activity and identifying cases requiring attention.

KAYEL'S CLOTHING | E-Commerce UI Concept

Designed an e-commerce interface for a fashion retailer, focusing on **product discovery, browsing, and purchase navigation**. Applied visual hierarchy, structured layouts, and consistent UI patterns to create a clear shopping experience.
